Lisa Pritt, Prevention Coordinator, and Reanna Wyatt, Prevention Specialist attended a training entitled, “Ethics in Prevention” during the month of March. DBHDS representatives Anne Rogers and Rebecca Textor provided the class in Southwest Virginia that included 23 in the class from the following CSBs: Mount Rogers, Crossroads, Highlands, PD1, Cumberland Mountain, Allegheny Health, and Dickinson County.

Prevention Services held our first youth night at our newly opened Peer Drop In Center. While this event was not well attended we hope to offer it again in the future.
